

Howard swing song selection

Fly me to the moon
Come fly with me
Under my skin
Beyond the sea
It had to be you
Witch craft
Summer wind
The lady is a tramp
Mack the knife
Ain't that a kick in the head
My way
Night and day
Strangers in the night
For once in my life
Nice and easy
Sway
You make me feel so young
The tender trap
One for my baby(one more for the road)
I've got the world on a string
That's amore
Love and marriage
Have you met miss jones
The girl from ipanema
Lets fall in love
The way you look tonight
Mr bojangles
Put your head on my shoulder
Feelin good
Moondance
Fever
Home (micheal buble)
You'll never find another love like mine
We are in love
Recipe for love (harry connick)
A foggy day in London town
Lets face the music and dance
You don't know me
Try a little tenderness
Brown eyed girl
Just the two of us
Can't take my eyes off you
Always on my mind
Everything
That's life
Unforgettable
Crazy little thing called love
Something stupid
Save the last dance for me
New york new york
Bad bad Leroy brown
They can't take that away from me
I get a kick out of you
